General Characteristics:

The stone, in its natural state turns out to be particularly pleasant, taking part in the natural and human welfare. It is the sign of nature.

Taking a bath, relaxing, taking care of our body and mind, represents very old rituals and values that nowadays we discover once again by surrounding ourselves with objects that we like which have a natural origin. That is why the old ones who already knew the stone used to use it in their exquisite bathrooms.

Enjoy you too, as the Romans did in the old days, this fabulous bathtub available in a large variety of natural stones.

On top of the model shown, made of an elegant Olivillo Travertine marble, you can also find it available in other colours such as white, beige, cream, yellow, pink, red, black, …
